PROJECT OF THE MONTH

MARCH * 2019

WORKPLACE FIT-OUT IN QUIMPER (29)

This open-space floor has been fitted-out with 85ml of TEMPO acoustic equipment.

Individual and comfortable workspaces have been created thanks to our acoustic partition system.

The partitions' rigidity is managed with a laquered frame and 6 hooks between the panels. In option, skirting can be added to improve stability and aesthetics.

The panels are mounted on adjustable bases so as to limitate floor occupation and avoid to encroach on desk ans corridors. The boomerang bases on each edge, allow a perfect stability.

Installation was straightforward, each bespoke panel was produced according to the architect's design and layout.

TECHNICAL FACTS

- partition of size 1600x1200 et 1600x1000
- Absorbant : 50 mm for an absorption coefficient $\alpha_w = 1$
- «LA» Toile canvas cover
- 2 colors : Carmin 233, Ardoise 227
- metal skirting and frame in laquered black

DIGITEX

FABRICATION FRANÇAISE

PROJET SUR-MESURE

CERTIFICATION ACOUSTIQUE CSTB $\alpha_w = 1$

COV A+

CLASSEMENT AU FEU : Bs2d0
